A TOURIST'S LETTER

Mrs. W. E. Williams Favors Us
and Our Readers.

Dear Mr. Editor:—I promised you a communication, as I was on my trip through California but for two months my time has been so full, nothing else except letter to my individual family. To say I have had a wonderful trip, but faintly expresses my experience. I left St. Louis July 5th reached San Francisco the 8th and from that time have traveled over 700 miles up and down the coast besides the island trips. After spending two weeks in San Francisco and vicinity with my sister, Mrs. John P. Williams and family, I began my journey north to Shasta Co. to visit another, and for two weeks I reveled in the beautiful scenery and fished for mountain trout. It was there I climbed a canyon till I was several thousand feet above sea level, and actually caught fish when I was only twenty miles airline from Mt. Lassen, which is the only living volcano in the U. S. and it was in eruption while I was there. I returned by the way of Modesta (which by the way is the civic center of one of the most beautifully developed valleys I have seen in Calif.) and had a most delightful visit with my very dear old friends, Mr. and Mrs. J. T. J. Hughes, parents of our Dr. B. Hughes.

From there I began my journey south which I can't describe. Up to this time I had gathered four sisters under one roof.

When I reached Los Angeles can you imagine my joy when there I found a sister whom I had not seen for thirty-seven years.

My nephew in Los Angeles left nothing undone to show me the beauties of his town and also others in its vicinity. We visited Pasadena, and saw the wonderful home of the great (?) Adolphus Busch, with its sunken gardens, also the beautiful home of Bob Burdett, the once famous humorous lecturer and later, a great Baptist preacher of California. I also visited the beautiful home of Paul De Leon Prey the wonderful artist whose paintings from still life were so famous. Then the great oil fields and the wonderful skeletons that have been excavated from a depth of 150 to 500 feet below the surface of the earth.

Then on to Long Beach where I dipped in the Pacific Ocean

every day or two for two weeks and attended the great Baptist assembly which was in session.

A nephew took me in his auto and we visited all the famous beaches from Venice to Long Beach. But greatest of all was a thirty-six mile ride on an ocean steamer to Catalina Islands. After we reached the Islands, we were transferred to a glass bottom boat, and for hours were carried over the submarine gardens. I don't think there is language to describe this most wonderful sight. It is one of the wonders of the world. Then on to San Diego where I was met by Mrs. Dr. Belcher and shown the most important things at the fair for a day. At my hotel in the evening I was looking over the telephone directory and found the No. of one of our old Keytesville friends, Mr. Tom Harned. In a few minutes after I called up I was being whisked away in an auto with Mr. and Mrs. Harned to their pretty little home on University Blvd., where I spent a pleasant night and a full day at the fair with them. The next day Louis made sleeping car reservation for me, and I didn't have to leave till 11 p. m. this giving me six hours longer at the fair. Louis has a fine position, and Mr. Harned says he would love to see all his old Chariton friends, but he can't ever leave California to live any where. From there I came on to San Luis Obispo where I bade my father and mother good bye 30 years ago, and met the only living uncle who is now 90 years old. After a few days with my sister there, we all came on to the home of Mr. Williams again where we had a glorious reunion of the six sisters. After a few days of the fair, together, I will start on my homeward journey. I will be glad to see all my old friends and from the depth of my heart I am saying—Praise God from whom all blessings flow for the completeness of this trip and for such a son as the one who made it possible.

KEEP THE KIDNEYS WELL

Health Is Worth Saving, and Some
Keytesville People Know How to
Save It.

Many Keytesville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following statement leaves no ground for doubt.

Mrs. Z. Conrad, Glasgow, Mo., says: "Last summer my kidneys were giving me a great deal of trouble. I had severe backaches and sharp pains across my loins. I had headache and spells of dizziness, too. I couldn't stoop or get up from a chair without having sharp, shooting pains in my back. I had used Doan's Kidney Pills some years before for kidney trouble and had been benefited. I again took them a few months ago, and they brought me prompt relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Conrad had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Way To Beat 'Em

Advertise! Advertising is the basis of the success of the big concerns and the manner in which the Houghton, Michigan Mining Gazette points out the failings to those merchants who complain most against mail-order competition, will be interesting to many publishers. After referring to the periodical denunciation which mail-order houses receive, the article says:

"But the mail-order houses go right along doing more and more business just the same and notwithstanding. They now are planning on a nation-wide newspaper campaign to follow up their catalogue business. Business men cuss them and try various and divers means of attacking them. But abusing the mail-order houses never is an argument. Saying mean things about them is making them friends. Talking about supporting home industry doesn't get very far because the average business man who talks about patronizing home business usually buys more or less of his own personal necessities somewhere else. There is only one way to compete with the mail-order house and that is to do business the way he does it. Don't ask for sympathy because you carry a lot of bad accounts on your books. Clean 'em up. Don't complain about his prices when you can meet them. Meet them and let your public know that you are meeting them. Do your advertising and do it more efficiently than he does. His once a year catalogue isn't in it with daily announcements of prices. We are not suggesting that you run one big advertisement for a week or anything like that. But make your advertising valuable by its very attractiveness, its continuity, and the plain statements of goods and prices. We can show you dozens that are doing it every day in the Gazette. They are not sitting in the rear end of the store kicking about the mail-order houses and the ungrateful public. They are putting in some time each day getting a good, straight-from-the-shoulder advertisement ready to print in the morning. They are discounting their bills. Their business is good. They look prosperity and they show it, too. They are making money and thinking about what sort of an automobile they will buy next. They are beating the mail-order people because they run their business right, keep their collections up to the minute, beat the mail-order prices, and tell the people about it all of the time. That last item is the most important of all."

LIVER PILLS

Sugar-coated and all vegetable. Dose: Only one pill at bedtime. For constipation, bilious headache, indigestion, liver's pills. Sold for 60 years.

State Fox Hunt

The Missouri State Fox Hunters Association and the Missouri Valley Fox Hunters Club joined forces and are holding their annual meet at John R. Watkins pasture 5 miles southwest of Lawson this week.

Senator John S. Wallace was importuned to be present but having disposed of all his prize winner and other hounds, and being pretty busy at this time, he was forced to forego the enjoyment of his favorite sport.

The invitation also contained the line, "Positively no drinking allowed; stay sober or stay at home," a rather pointed command to some members.

Coon hunts will become more popular.

Doubly Sure

Modesty: "I always look under the bed to see if there is a man there before I get in bed."

Rival: "Yes after you have looked in the mirror."

51.29 Inches Rain

A Carrollton editor looked up the matter of rainfall for some of his inquiring subscribers and to his astonishment the records of a gentleman there shows there had been 51.29 inches of rain in four months since May 17. The fall was 13.43 inches from May 17 to June 1; 10 inches in June; 14.31 in July and August had 18.41 inches while up to the middle of September 9.92 inches had been added. When it is considered that the total average rainfall for a year is about 30 inches then the showing of nearly twice as much in four months produces a rather sensational result.
